

What is Strength Finders?

- We start with a short (appx. 30-40 min) personal assesment , done on the computer. After you are done, you are given the top five personality traits that you possess.
- A Strength Finders group consists of 8-12 people that meets once a week for 5 weeks or for an 8 hour day. Each class helps you look at your strengths and how they play a part in you life.

Strength Finders

Begin to know, understand
and live your strengths

What Comes Naturally

You are at your best when you do what you naturally do best. As you discover your greatest talents, you will begin to discover your calling. We all have a calling. We just need to discover what it is. It does not come from God's voice thundering from above; it comes from His whisper deep within us, from the very essence of our being. *He wants you to be yourself.* When you discover your talents, you begin to discover your calling. When you develop your talents into strengths and apply those strengths, you fulfill your calling. Strength Finders does not measure strengths, but the presence of talent or themes. By taking Strength Finders, you identify your top five themes of talent—or your "Signature Themes".

Talents

Naturally recurring patterns of thought, feeling, or behavior that can be productively applied, they are the heart of a strength.

Strengths

The ability to provide consistent, near-perfect performance in a specific activity.

Skills

The ability to perform the basic steps of an activity.
